

Auslan Interpreting: The Deaf View

Come and have your say!

Community Consultation Meetings

**16th February –
9th March 2007**

**In every capital city
and some regional
areas.**

**See other side of page
for dates and times.**

AAD wants to know what you think about Auslan interpreting services. What works well for you? What doesn't work well for you? What needs to happen to make it better?

AAD is writing a paper about this for the Australian Government. This is your opportunity to tell the government what you think.

These meetings are for DEAF people who use Auslan. Each workshop will be presented in Auslan by a member of AAD's Board or staff. Interpreters will not be provided.
